JAGUAR SPECIALISTS.

FORWARD build and rebuild all JAGUAR ENGINES & TRANSMISSIONS. They have enjoyed many years success on the racing circuits of the world and have also powered successful world water speed record attempts.

THEY ALSO SERVICE MODERN JAGUARS — with full electronic service facility.

FOR THE DRIVER WHO WANTS AN EVEN MORE INDIVIDUAL MOTOR CAR WE HAVE SEVERAL MECHANICAL AND BODYWORK SUGGESTIONS SUCH AS THE XJ6/XJ12 SHOWN

THE FABULOUS LISTER JAGUAR XJS

To be launched by STIRLING MOSS, who won many races in the original LISTER JAGUARS, on March 21st, at the official opening of the FORWARD ENGINEERING showrooms and factory.

V12 engine with 5.7 litre (400 BHP) or 6.4 litre (450 BHP) conversions. Up-rated braking and steering systems. Carefully designed body modification to compliment what is already one of the world's great motor cars.

This is one of the original development cars, which is owned by Brian Lister, himself.

OVER 200,000 MILES HAVE GONE INTO THE DEVELOPMENT OF THIS FABULOUS CAR. **Send for details.**

May we suggest you visit FORWARD ENGINEERING when you are next in Birmingham. In addition to the facilities already mentioned Ron Beaty, Chairman of the Jaguar Specialists Association, and his staff will be pleased to show you their restoration service for Classic Jaguars, some interesting cars for sale, and many items of memorabilia going back to those wonderful Jaguar victories at Le Mans in the fifties.

FORWARD ENGINEERING also power 'The Hardwick Beast' one of the most frequent winners of tractor pulling contests!
